Additional Requests for Clarification of Statistics and Terms Used In
The Economy of the USSR -- Statistical Collection (ORR 10134)

Clarification is requested on the following item of the subject statistics. This clarification will have an important bearing on research problems. No background discussion of these questions is believed necessary.

Table: USSR Fixed Capital, 1913-1955 (32R; 15T)
USSR Fixed Capital, 1940-1955 (? , 16T)

The tables give the fixed capital charged to "transportation and communications". Could this category be further divided to show the fixed capital in "communications" separate from the fixed capital in "transportation"? Further, could any specific ruble amounts be supplied for the percentage shown in the tables? Any further breakdowns, such as types of communications fixed capital, are also desired.
